A rare genuine Boss Mustang gets the pulse racing. The crew got real excited about this car. We put out a mechanical restoration on this ol' girl. A complete engine rebuild as well as suspension, clutch and brake repairs returned this car to how it was meant to be. These muscle cars aren't real quick out of the hole. Basically built for top end power this Mustang is a real mover when opened up.

A real credit to the owner who gave us the time and opportunity to get it right. Thanks Pete.
