1972 Ford Falcon 500 Utility 11 years ago

[Home](#) » [Classic Car Restorations](#) » [XY Utility](#)

Somebody went to a lot of trouble to faithfully restore the body and interior of this vehicle. A short roadtest prior to commencing the mechanical restoration of this vehicle reminded me of how spec generation of Ford Falcon was. The new owner isn't compromising on anything with this car. The is out and undergoing a full detail and some power mods. New ceramic coated extractors and twin system, MSD ignition and 600 mechanical secondary Holley as well as a full tune will give nice power increase. The 9 inch rear axle will feature tru-trac LSD and 31 spline axles. New brakes, suspension cooling system will ensure that this daily driver will perform to maximum reliability. An exact copy of original "shaker" assembly incorporating the correct flap unit has been sourced as well as many of parts which will add value and driving pleasure to this appreciating asset.
