1960 Buick LeSabre

We shipped this car out of Thousand Oaks California for a West Coast buyer. Heavily customised in the we were keen to see this stunning creation in real life. Featuring mainly stock driveline, the main attractic was the ability to slam it in the weeds. The heavy metal flake paintwork while weathered up close still looked amazing once the sun hit it. Full custom interior and some nice pinstriping made this a typical west coast custom. Complianced and repaired in our workshops it is currently residing on the Gold Coast.
